THE BLOOMFIELD CITIZEN.

SATURDAY, MARCH 16 1889.

The New Township Committee.

The new Township Committee will enter upon their work under favorable auspices. The crucial test of an election has passed, and the voters are known to approve the old methods of making public improvements. Not only have the appropriations asked for by the last Township Committee been granted but considerable amounts have been added to the contingency, water, street-lighting and fire accounts. These additions will raise somewhat the rate of taxation, which last year was thought too high. Yet, they show a spirit of commendable enterprise.

It is important now to see that these appropriations are wisely expended. While there always will be complaint, in their calmer moments voters will admit that the Township Committee has always been honest, and generally judicious and faithful in the discharge of their duties Yet the infusion of new blood into the Committee may be productive of good results.

A few matters may be commended to their attention. The money spent upon gravel and road repairs has not recently been wisely spent. Some years ago good gravel could be procured and its use was a public benefit. That placed upon the roads last year was little more than mud. A good overseer of the roads should be procured. It would be cheaper for the town to pay such man a moderate compensation than to hire men who are not to be depended upon to do their whole duty.

The generous provision for the Fire Department should be expended in fully equipping the present companies. There is a general impression that the increase of companies has gone far enough for the present. The lack of hose is felt at every fire. This lack is due to bad management. More than 5,000 feet of hose has been bought within five years, yet only 2,000 or 2,500 is now fit for use. With proper care it should last six years. Owing to the absence of facilities for drying hose it has been allowed to become mildewed and rotten. The erection of a drying rack is an immediate necessity. When this has been secured, a new supply of hose should be furnished each company, and the remainder of the appropriation, if any exists after the payment of the ordinary expenses, should be devoted to the purchase of a fire alarm system.

The charge for gas is now, as for many years it has been, too high. There should be a substantial reduction in the price. It would be worth while to obtain estimates for electricity if it can be done with economy. The lighting of Bloomfield avenue by the Street Car Company would be a move in the right direction.

There is abundance of opportunity for the laying of stone sidewalks, and applications for walks will no doubt be abundant. There should, however, be an effort upon the part of Committeemen and others to fill in the gaps upon the main streets. Every large thoroughfare should have at least a stone walk upon one side of it. It should also be continuous. It is exasperating in the extreme to use a stone walk for a distance and then be compelled to waddle through the mud or take to the street. Proper efforts upon the part of those more immediately interested would no doubt remedy this evil.

The new Committee will find the needs of the township in every department almost unlimited. Liberal as the appropriations are they will not permit the granting of every petition presented for their consideration. After expending the money where it can most wisely, economically and fairly be used, they must look to the general public to be patient and fair in their judgment.

It is a wise Committee which can refuse a request and make a friend.

Complaints rather than compliments are the music which is familiar to the ears of those who attempt to serve the public. However it is better to be right than to be popular.

We wish success to the new Committee as they enter upon their labors.

The Athletic Club.

The young men of the town have interested their seniors in the matter of general athletics and we are about to incorporate an Athletic Association of extensive proportions. The wily athletes, having an eye to the purchase of a house and grounds at a discount, have secured the membership of gentlemen interested in real estate and insurance. In their solicitations they have not forgotten the architects and builders, nor the coal dealers.

They have inveigled into the Club a supply of lawyers, printers, publishers and musicians and upon their list appear the names of tennis players, bowlers, wheelmen, dealers in soda-water and arnica, doctors, town committeemen and capitalists. In fact the little list has grown to the proportions of a memorial to Congress. It is now several yards long, due to drawing out so often on the railroad trains.

It is desired that the members devoted to special sports and games should organize themselves into branch clubs of congenial spirits, forming the integeral members of the general association. The success of Montreal Association affords a brilliant example of the beneficial workings of this course. The wheelmen under the name of the Bloomfield Cyclers, will form the first organized branch and this will be the senior member among the affiliated clubs.

The stock of the Association will be fully secured by the value of the grounds purchased and the first half-yearly dues will be sufficient for the fitting up of the house and the laying out of the grounds. A cinder track will be laid which will measure five laps to the mile. The cinders will be donated by some of the mill owners who have subscribed to the Club.

The gentlemen who so generously offered to build a board fence for the grounds of a local ball club will, it is expected, furnish this needful luxury gratis and will be tendered therefor the Club's heartfealt gratitude, in black and white. At the meeting at Dodd's Hall next Friday evening, March 22nd, the frisky youths will be eligible to positions on committees only, and the official positions at the Club's disposal will be tendered to men of worth and standing.

Although notices will be sent to some two hundred and fifty subscribers and other gentlemen, it is to be expected that some whose presence is desired, and whose names are on the Club's directory, will, by the accidental slips of the pen incident to copying be missed, but gentlemen interested in the Club will not, therefore, stay at home even though their neighbors perchance receive two cards.

MERCURY

The Township Election.

The election in Bloomfield last Tuesday would have been an uninteresting and altogether onesided affair had it not been for two things that imparted to it some of the elements of a contest. These were the independent candidacy of ex-Committeeman W. S. Freeman, supported by the firemen, and the determination of the Republican Battery boys to reverse the action of the primary meeting in refusing to vote an appropriation for the purpose of firing salutes on national holidays.

The Democrats held a primary meeting and several caucuses or conferences, but there was so little interest taken that it was impossible to put in the field either a regular or a mixed citizen's ticket.

Under these circumstances there were only two tickets for voters to select from—both purporting to be "regular Republican." One of these carried the names of Messrs. Ward, Benson, Cook, Seibert, and Dodd for Town Committee, with the other candidates and appropriations adopted at the Republican Primary. The other ticket had the name of Mr. Freeman substituted for Mr. Seibert's, and the appropriation for firing salutes added.

The polls were opened at 6 A. M., and were kept open until 7 P. M., as required by the repeal of the Sunset law. The vote was lighter than usual at township elections, as will be seen by the following table of the result as to Town Committee, the first five being elected:

	Dist.	1st	2nd	3rd
Theo. H. Ward,		313	203	289
F. S. Benson,		300	141	288
G. W. Cook,		304	181	272
C. L. Seibert,		256	114	257
R. N. Dodd,		271	168	269
W. S. Freeman,		80	128	47

No attempt was made to oppose Mr. Baxter as Assessor, nor any other candidate outside the Town Committee, except that Mr. Hughes, Democrat, received a few scattered votes for Chosen Freeholder in opposition to Mr. McGowan.

The Official Returns.

E. F. FARRAND,
Township Clerk

Bloomfield, N. J., March 15, 1889.

Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health, to the use of the Great Alterative and Tonic. If you are troubled with any disease of Kidneys, Liver or Stomach, of long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c. and $1 per bottle at GEO M. WOOD'S Drugstore.

Bucklen's Arnica Salve.

The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by GEO. M. WOOD.

CRESCENT
Sarsaparilla!

50 cents per Bottle containing 100 Doses.

Read this Testimonial.

NEWARK, N. J., May 14th, 1887.

Crescent Drug Co., Newark, N. J.—I wish to add my testimonial to the many you have already published for the wonderful cures accomplished by Crescent Sarsaparilla. I am in the employ of Messrs. George A. Halsey & Sons, manufacturers of Patent and Enamel Leather, Springfield avenue, city, and it is my duty to attend to the fires and boilers in the engine room. I caught a heavy cold this winter, and soon after was attacked with rheumatism. My limbs became so stiff and sore that I could work only with the greatest difficulty and discomfort. Soon I was compelled to remain at home almost every other day, as I suffered such agony in the boiler-room that I could not do my work. Finally my case became so bad (and mine being did me no good) that I went to the City Hospital for treatment. The physician there prescribed for me, but I grew worse. Then I went to St. Michael's Hospital and was treated for my complaint by two of the best physicians in the hospital. For a few days I obtained some relief and attempted to go back to my work, but found that I was incapable of doing work. This was a great misfortune to me, as my daily bread was dependent upon my labor. By this time my suffering was indeed great. I could not sleep nights, and I found that I had lost twenty-three pounds in flesh in a short time. I had no appetite and could not retain food on my stomach. In the morning I longed for night to come so that I might sleep, and at night when I could get no rest and tossed uneasily upon my bed, I longed for the day again. Altogether I was in a miserable plight, and I was afraid I would never be well again. A fellow workman in the factory urged me to try Crescent Sarsaparilla, but as I had used Hood's Sarsaparilla and other medicines without obtaining any relief from them, I was loth to begin taking Crescent Sarsaparilla, although I knew a number of persons who had used it with great good to them. At last I was persuaded to try Crescent Sarsaparilla, and before I had used half a bottle I began to feel better. I have used in all four bottles. My rheumatism has gone, my appetite has returned, I sleep well at night, and I am gaining strength and flesh daily. I am back at my work and feel that I have a new lease of life. Nothing but Crescent Sarsaparilla has done this. It has not only cured me of my sickness, but it has enabled me to return to my work, upon which my life depended. All of the workmen in the factory know of the facts in my case, and Crescent Sarsaparilla is being used throughout the factory with excellent results. I hear nothing but praise for it anywhere. I am confident that I do not put it too strongly when I say that Crescent Sarsaparilla saved my life. Believing this, I feel it my duty to let the public know how wonderful a cure Crescent Sarsaparilla has worked upon me. In justice to you and for the information of others who may, perhaps, be suffering as I once did, I offer you this history of my experience with Crescent Sarsaparilla, and hope that it may be the means of inducing others to give Crescent Sarsaparilla a trial. You have my full permission to publish or print this testimonial as may seem best to you. I also wish to say that this testimonial has been offered by me voluntarily, without any solicitation on your part.

Respectfully yours,
DANIEL HAYES, 76 Mercer St.

Crescent Sarsaparilla!
100 DOSES FOR 50 CENTS.

Money refunded if the Sarsaparilla does not give entire satisfaction.

Can anything be fairer than this? You run no risk in purchasing a bottle under this guarantee, remember that we are retail druggists, and that our reputation and our entire retail business are at stake, if Crescent Sarsaparilla will not do just what we claim for it. The ingredients are plainly printed on every bottle label for all to read, so that YOU KNOW JUST WHAT YOU ARE TAKING. No secrecy, as is the case with other sarsaparillas.

Crescent Sarsaparilla will cure Blood Disorders, Pimples, Blotches, Dyspepsia, Rheumatism and all other troubles arising from an impure condition of the blood.

100 DOSES 50 CENTS.

Why pay one dollar or even 75 cents for other makes of Sarsaparilla (the ingredients of which you know nothing) when you can purchase Crescent Sarsaparilla for 50 cents per bottle (with the ingredients plainly printed on bottle label) and have a guarantee or money refunded if you are dissatisfied with the medicine for any reason whatever.

For Sale by Druggists and Grocers Everywhere.

OUR AGENTS, whose names and addresses we give below, have a full stock of our Medicines and Drug Specialties, which they sell from their stores at same prices we sell from our store.

Try the Cure

Ely's Cream Balm
Cleanses the Nasal Passages. Allays Inflammation. Heals the Sores. Restores the Senses of Taste, Smell and Hearing.
A particle is applied into each nostril and is agreeable. Price 50c. at Druggists or by mail. ELY BROTHERS, 56 Warren St., New York.

SCOTT'S EMULSION
OF PURE COD LIVER OIL
AND HYPOPHOSPHITES
Almost as Palatable as Milk.
So disguised that it can be taken digested, and assimilated by the most sensitive stomach, when the plain oil cannot be tolerated; and by the combination of the oil with the hypophosphites is much more efficacious.
Remarkable as a flesh producer.
Persons gain rapidly while taking it.
SCOTT'S EMULSION is acknowledged by Physicians to be the Finest and Best preparation in the world for the relief and cure of
CONSUMPTION, SCROFULA, GENERAL DEBILITY, WASTING DISEASES, EMACIATION, COLDS and CHRONIC COUGHS.
The great remedy for Consumption, and Wasting in Children. Sold by all Druggists
